PARENT & TOT PRE-BALLET FALL 2018 CALENDAR

Parent & Tot
Beginning at 18 months, this introductory class allows children to playfully engage in dance and creative movement. Alongside their parent/caregiver, the child will experience moving in ways shown by research to enhance brain development while a fun and positive instructor facilitates. Each class includes singing nursery rhymes, stretching and moving to lively music, and engaging with many new physical skills. Child-friendly musical instruments, animal dances, colorful scarves, parachutes and stretchy bands are just a few of the fun props and activities that your instructor has in store!

Creative Ballet
Beginning at 3 years old, this class will introduce students to ballet principles in a creative environment. Children will playfully engage with new dance skills and movement concepts each week using stories, music, circle dances and special props, such as scarves and ribbon wands. The fun and positive instructor encourages dancers to move in ways shown by research to enhance brain development while progressively learning ballet skills. Social skills and self-esteem are also developed as children make new friends and enjoy their peers through partner and group dancing.

Pre-Ballet/Tap
Dancers age 4 and up will experience both ballet and tap in this introductory class. Each lesson will include creative activities in both genres and dancers will explore movement concepts such as speed, rhythm and energy. The instructor will teach steps in combination to create fun, light-hearted choreography in ballet and tap, and students will create their own movement through stories and games. Social skills and self-esteem are also developed as dancers enjoy partner work and group collaborating. Dancers will also demonstrate responsibility for their dance shoes.

WATCH WEEK

Watching Week is when students get the opportunity to spend time in the spotlight!

Parents, family and friends are invited into the studio to watch all of class. Not only will you see how much your dancer has developed his/her physical skills in our specifically- designed preschool curriculum, you will also see your child's social and emotional growth as a student as well.

Please mark your calendar for this special day!
