 Sept 9 - 14: First week of classes  
 Nov 27 - 30: Thanksgiving Break  
 Dec 22 - Jan 5: Winter Break  
 Jan 20 - 21: MLK Day  
 Jan 27 - Feb 1: Watch Week

**Parent & Tot**  
 Our youngest dancers begin class at 18 months alongside their caregiver and skilled instructor who will help them experience brain-compatible movement in a joyful, safe, and rich environment. Children are introduced to class structure, dance concepts and new physical and social skills. Each class includes nursery rhymes to move through the BrainDance, engaging movement with colorful props (scarves, instruments, stretchy bands, and more!) and positive interactions with caregiver, teacher, and fellow dancers. A perfect introductory class to see what dance is all about at our school!

**Creative Ballet**  
 Beginning at age 3, dancers in this class will be introduced to ballet principles in a fun and creative environment. Children will move through the BrainDance, experience dance concepts and explore creative movement each week with lots of variety in lessons from trained instructors in brain-compatible learning. Classes include basic ballet skills, fun props, and teaching social skills in a positive setting, with an emphasis on developing independence and making new friends.

**Pre-Ballet/Tap**  
 Dancers age 4 and up will be introduced to both ballet and tap in this introductory class. Each lesson includes creative activities in both genres, the BrainDance and students will explore dance concepts such as speed, rhythm and energy. Skilled instructors teach brain-compatible lessons that emphasize creativity, working together and age-appropriate physical skills in both ballet and tap. Dancers experience joyful movement with props and fellow dancers and enjoy stories and simple choreography to solidify their learning.
